WELCOME MESSAGE

Jawed Manzoor
CEO OF COMPANY

- Welcome to ATLANTIC SURVEYORS (PVT) LTD, where precision meets innovation in the realm of Civil Engineering Services, Land Mapping, and Surveying.
- Established with a commitment to excellence, ATLANTIC SURVEYORS (PVT) LTD stands as a paragon of expertise and proficiency in delivering tailored solutions in the intricate domains of land surveying and civil engineering. We pride ourselves on our unwavering dedication to quality, accuracy, and client satisfaction.
- At ATLANTIC SURVEYORS (PVT) LTD, our mission is to navigate the complexities of land mapping and surveying with unparalleled precision, employing state-of-the-art technology and a team of seasoned professionals adept at turning challenges into opportunities.
- With an unwavering focus on precision, we offer a comprehensive suite of services encompassing cadastral surveys, topographical mapping, boundary delineation, and a myriad of civil engineering services. Our commitment extends beyond mere accuracy; we strive to exceed expectations, delivering results that not only meet but exceed industry standards.
- Backed by a team of highly skilled and experienced engineers, surveyors, and professionals, we harness cutting-edge tools and methodologies to provide comprehensive solutions tailored to your specific needs. Our dedication to innovation and continuous improvement ensures that we remain at the forefront of the industry, consistently delivering superior results that stand the test of time.
- As we embark on this journey together, we extend our warmest invitation to explore the world of precision and excellence in civil engineering and surveying services. We look forward to partnering with you, leveraging our expertise to transform your vision into reality and surpassing your expectations at every milestone.
- Thank you for considering ATLANTIC SURVEYORS (PVT) LTD as your trusted partner. We are committed to empowering your projects with precision, innovation, and unwavering dedication.

OUR SERVICE

CONSTRUCTION SERVICES:

- Renovation of Buildings
- Tile Work: Meticulously executed tile installations combining aesthetics and functionality.
- Paint: Comprehensive painting services for longevity and visual appeal.
- False Ceiling: Innovative solutions enhancing both design and functionality.
- Electric Work: Safe and efficient electrical system installations meeting industry standards.
- Plumbing: Installation and maintenance of plumbing systems ensuring functionality
- Woodwork / Aluminum Work: Precision craftsmanship for woodwork and aluminum installations.

TOPOGRAPHIC SURVEYS:

- Land Survey: Accurate mapping critical for real estate development and construction planning.
- Layout & Demarcation of Housing Projects: Optimized land utilization and adherence to regulatory requirements.
- As-Built Survey: Detailed documentation capturing the final constructed structures for future reference.

DRONE SURVEY:

- Aerial Videography: High-quality aerial videos providing unique perspectives for documentation and analysis.
- Mapping / Aerial Imagery: Detailed visuals supporting project planning, environmental monitoring, and decision-making.

3D SCANNING & MODELLING:

- Advanced technology creating detailed and accurate 3D representations for design, analysis, and visualization.

GEOTECHNICAL SURVEYS / SOIL INVESTIGATION:

- Thorough surveys providing critical data for foundation design, construction planning, and risk assessment.

EARTHWORK AND VOLUME SURVEYS:

- Precise surveys ensuring optimal excavation and fill operations for construction projects, enhancing project efficiency.

PIPELINE SURVEYS:

- Assessment of pipeline condition and layout, providing crucial information for maintenance, expansion, and compliance with industry standards.

**ATLANTIC
SURVEYORS (Pvt) Limited**

ENGINEERING SURVEYS:

- Future Construction and Expansion Projects: Accurate data supporting the planning and execution of future projects, ensuring optimal outcomes.

INTEGRITY ASSESSMENT OF BUILDING:

- Comprehensive assessments ensuring structural safety, regulatory compliance, and providing recommendations for maintenance or improvements.

Choose Atlantic Surveyors (Pvt) Ltd. for a partnership that guarantees precision, reliability, and excellence in every detail. Contact us today to explore how we can contribute to the success of your next project, bringing your vision to life with precision and expertise.

MEET OUR TEAM

Zubair Ahmed Baig **General Manager**

Mr. Zubair Ahmed Baig, responsible for Construction Projects in the areas of Soil Investigation, Drone Survey, and 3D Mapping, holds a pivotal leadership role overseeing and managing all aspects of projects within these domains. This role requires a seasoned professional with a strong background in construction project management, technical expertise in soil investigation, drone survey, and 3D mapping, as well as exemplary leadership skills.

Rameez Ahmed Ansari **Project Coordinator**

"Mr. Rameez Ahmed Ansari, in the role of Project Coordinator for construction and geospatial projects, plays a pivotal role in facilitating the seamless execution of various tasks associated with soil investigation, drone survey, and 3D mapping initiatives within the company. This position requires a meticulous individual with excellent organizational, communication, and multitasking skills to ensure project objectives are met on time and within specified parameters.

Muhammad Saad Khan **Management Executive**

Mr. Saad Khan plays a pivotal role as a Management Executive overseeing construction projects, with a specialized focus on soil investigation, drone survey, and 3D mapping. He is entrusted with the responsibility of ensuring project success through strategic planning, efficient execution, and seamless coordination of resources while upholding the highest standards of quality and client satisfaction.
